

BeWell with Aspen RxHealth: The Future of Medication Management

Scalable, data-driven platform for health plans

- **Optimize medication management:** Streamline MTM delivery, medication adherence programs, and clinical interventions through a web-based, user-friendly interface.
- **Enhance operational efficiency:** Leverage streamlined automation and data analytics to improve workflows and reduce administrative burdens, allowing users to focus on what matters most, patient care.
- **Guaranteed compliance:** Maintain regulatory standards with integrated CMS compliance reporting and documentation features.
- **Advanced reporting:** Use real-time data to drive proactive consultations, leading to better health outcomes and increased patient satisfaction.
- **High-quality ratings:** Aspen RxHealth's Medicare Advantage clients consistently achieve near-perfect quality ratings from the Centers for Medicare and Medicaid Services (CMS).
- **In-house team support:** For health plans that prefer to manage their MTM services internally, [Alliance by Aspen RxHealth](#) offers a fully integrated SaaS solution using the BeWell platform.

The Aspen RxHealth Pharmacist Community

For health plans in need of a team to deliver clinical pharmacy services or need additional support, BeWell seamlessly integrates with Aspen RxHealth's community of remote, clinical pharmacists. Here's what our network of pharmacists has to offer:

Nationwide coverage: The Aspen RxHealth pharmacist community covers all 50 states and Puerto Rico, ensuring patient care no matter where they are.

Diverse clinical expertise: Pharmacists specialize in over 50 clinical areas, providing tailored patient care.

Multilingual support: Pharmacists are fluent in more than 28 languages, facilitating effective communication across diverse populations.
